Applicant Name  
Sarah Johnson

Application ID  
APP-2024-001523

Target Program  
Software Engineering

Submitted On  
November 15, 2024

Overall Progress

4 of 7 steps

Application Timeline

Detailed status of each review stage

Application Submitted

Completed

Your application has been received

Application successfully submitted with all required documents.

Nov 15, 2024 - 10:30 AM

Document Verification

Completed

Documents are being verified

All documents verified and validated by the admissions office.

Nov 16, 2024 - 2:15 PM

Eligibility Check

Completed

Checking admission requirements

Your GPA and prerequisites meet the program requirements.

Nov 17, 2024 - 9:45 AM

Sent to YGK

Completed

Application forwarded to YGK office

Application package sent to the YGK coordination office for processing.

Nov 18, 2024 - 11:20 AM

Department Review

In Progress

Under review by department

Currently being reviewed by the Software Engineering department committee.

Nov 20, 2024 - Started

Faculty Board Review

Pending

Awaiting faculty board decision

Pending review by the Faculty Board.

Final Decision

Pending

Final admission decision

Final decision will be communicated via email.

Updates will be sent to:

sarah.johnson@university.edu for each status change

 **Return Application for Correction**  
The applicant will be notified via email and can resubmit their application after making the required corrections.

 **Important**  
Please provide clear and specific instructions on what needs to be corrected. This will help the applicant address the issues efficiently.

**Correction Notes \***

Please describe the corrections needed in detail. For example: 'The official transcript'

0 characters

Cancel

Send Back to Applicant

**What happens next?**

The applicant will receive an email notification  
Application status will change to "Correction Required"  
The applicant can update and resubmit their application  
You will be notified when they resubmit

Eligibility Review

Verify applicant meets all transfer eligibility requirements

Eligibility Status

Sarah Johnson - STU-2024-1523

Eligible

All Requirements Met

The applicant meets all eligibility requirements for transfer to the Software Engineering program.

GPA Requirement

Minimum 3.0 GPA required

Required: 3 Actual: 3.85

Semester Requirement

At least 2 semesters completed

Required: 2 Completed: 4 semesters semesters

Credit Requirement

Minimum 30 transferable credits

Required: 30 credits Transferable: 68 credits

Additional Compliance Checks

Prerequisite Courses

8 of 8 courses completed

Academic Good Standing

No academic probation or disciplinary actions

Program-Specific Requirements

Meets Software Engineering program requirements

Save Exception

## Important Information

Exception markings are subject to committee review and approval  
All exceptions must be thoroughly documented with supporting evidence  
Exception notes are auditable and will be included in official records  
Exceptions do not guarantee acceptance but ensure fair consideration

### Department Review Finalization

Engineering Department – Fall 2024 Transfer Applications

Total Applications  
24

Evaluations Done  
24 / 24

Exceptions Marked  
3

#### Review Completion Checklist

Verify that all required steps have been completed before finalizing

All Evaluations Completed

Academic evaluations have been completed for all submitted applications

Ranking Finalized

Final ranking order has been reviewed and approved by department

Exceptions Reviewed

All special exceptions and circumstances have been documented and reviewed

Please complete all checklist items before finalizing.

**Important: This action will lock all applications**

Once finalized, the following changes will take effect:

All applications will be locked and cannot be modified

Evaluations and scores will be permanently recorded

Final rankings will be submitted to the admissions committee

Exception notes will be sealed in the official record

Department review phase will be marked as complete

This action cannot be undone without administrative intervention.

Checklist Incomplete

Finalize Department Review

#### Next Steps After Finalization

Applications will be forwarded to the central admissions committee

Committee will review all department recommendations

Final admission decisions will be made by the admissions office

7

## Applicant Decisions

Select approve or reject for each applicant. Decisions are mutually exclusive.

1

Michael Chen  
STU-2024-1524GPA: 3.92   Score: 97.2 ☒ Approve ☐ Reject

2

Sarah Johnson  
STU-2024-1523GPA: 3.85   Score: 95.8 ☐ Approve ☐ Reject

3

Amanda Wilson  
STU-2024-1529GPA: 3.88   Score: 95.2 ☐ Approve ☐ Reject

4

Jessica Lee  
STU-2024-1527GPA: 3.78   Score: 91.6 ☐ Approve ☐ Reject

5

Daniel Rodriguez  
STU-2024-1532GPA: 3.65   Score: 88.5 ☐ Approve ☐ Reject

6

Christopher Brown  
STU-2024-1530GPA: 3.56   Score: 84.8 ☐ Approve ☐ Reject

7

Emily Davis  
STU-2024-1525GPA: 3.45   Score: 81.0 ☐ Approve ☐ Reject

8

Robert Taylor  
STU-2024-1528GPA: 3.25   Score: 76.5 ☐ Approve ☐ Reject

9

Jennifer Martinez  
STU-2024-1534GPA: 3.15   Score: 74.2 ☒ Approve ☐ Reject

10

Thomas Anderson  
STU-2024-1533GPA: 3.05   Score: 72.8 ☒ Approve ☐ Reject

## Digital Signature Required

Enter your secure PIN or authentication token to sign the final approved list.

## Important: Digital Signature Requirements

Your digital signature legally binds you to this approved list.  
The signature will be timestamped and stored in the audit log.  
Once signed, the list cannot be modified or reversed.  
Applicant notifications will be automatically triggered.  
This action requires your secure PIN or authentication token.

## Secure PIN / Authentication Token

Enter your secure PIN or token

Minimum 6 characters required for authentication

## Signature Authentication

256-bit encrypted digital signature

Sign Final List

## Security &amp; Compliance Information

- Digital signatures are compliant with institutional policy and legal requirements.
- All signing activities are logged and monitored for security purposes.
- Timestamp and IP address will be recorded with the signature.
- Signed documents are stored in a secure, tamper-proof archive.
